ISQ Iceworld™ Fair Usage Rules for Members
using the Wi-Fi Internet at Iceworld™ Acacia Ridge & Boondall

ISQ Iceworld™ has updated its Wi-Fi systems at both rinks and increased its security in the prelude to the NBN arriving. We are controlled by NBN Co with regards when the NBN will arrive & are advised it may appear at Boondall early 2016 but we have no date for when the NBN will roll out in the Acacia Ridge area.
ISQ will make Wi-Fi access available to all ISQ Members via an access username, password and Real name for the (ISQ-Public) sites.
We do not guarantee internet access availability and ISQ will close it off should the instances of unfair usage increase or where "traffic" interferes with the Iceworld™ businesses.
ISQ may change the access password from time to time without notice & will advise the new one.
